SUMMARY

Junior Full Stack Developer with hands-on experience building web applications using Angular, Spring Boot, PostgreSQL, HTML, CSS, JavaScript, and React. Recently completed a university internship where I worked on developing real-world applications using REST APIs, authentication, database integration, and responsive UI design. Passionate about learning modern web technologies and building scalable applications.

SKILLS

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Angular.
- Backend: Spring Boot, REST API, JWT Authentication
- Design & UI/UX: UI/UX Fundamentals, Figma, Responsive Web Design, Bootstrap.
- Databases: SQL (MySQL), PostgreSQL.
- Programming/Concepts: C++, Java, OOP, Data Structures & Algorithms
- Tools: Git, GitHub, VS Code, Postman.
- Soft Skills: Fast learner of new technologies, Strong debugging & problem-solving abilities.

PROJECTS

- Creative Web Layout | Link
  Developed a multi-section web layout with a focus on modular CSS and clean HTML5 structure.
- Personal Portfolio | Link
  Clean web interface using HTML5 & CSS3.
- Bootstrap Landing Page | Link
  Fully responsive page built with Bootstrap.

EXPERIENCE

Full Stack Developer Intern
Optimiza | Feb 2026 – May 2026

- Developed frontend features using Angular.
- Developed backend services using Spring Boot.
- Designed and queried PostgreSQL databases.
- Implemented authentication using JWT.

Programming Instructor | C++

- Delivered an introductory C++ programming course covering programming fundamentals, algorithms, and basic C++ syntax.
- Designed and organized course materials, lectures, examples, and practical exercises for beginners.
- Explained programming concepts through practical examples and problem-solving activities.
- Guided students through writing, compiling, debugging, and running C++ programs.

EDUCATION

Bachelor of Science in Computer Science Al-Balqa Applied University (BAU) | 2022 – 2026

- Relevant Coursework: Algorithms & Data Structures, C++ Programming, Database Management (SQL), OOP.

CERTIFICATIONS

- Angular Fundamentals — Frontend Masters
- Spring Boot — Amigoscode
- UI/UX Design Certificate | The Hope International Company
  Issued Dec 2024 | Certification Number: 1734898219655

LANGUAGES

- Arabic: Native.
- English: Intermediate
